SAFETY POLICY

The management of Dong Fang Offshore Co., Ltd. is committed to take all reasonable precautions and measures, during the operation of managed vessels, in order to ensure safety at sea, prevention of human injury or loss of life and avoidance of damage to property.

Safety management OBJECTIVES of the Company are also to:

- Provide safe practices in ship operation and a safe working environment;
- Assess all identified risks to its ships, personnel and the environment and establish appropriate safeguards; and continuously improve safety management skills of personnel ashore and on-board managed vessels, including preparing for emergencies related both to safety and environmental protection.

To fulfil these objectives, the management is committed to the following approach:

- Compliance with mandatory rules and regulations and taking into consideration the Codes, guidelines and standards recommended by the IMO, Flag Administrations, Class Societies and Industry organizations, applicable to operations of managed vessels.
- Adherence to a Safety Management System (SMS) by all Company's employees and sub-contractors, including managed vessels, which promotes the concept of safety and environmental excellence, the continuous improvement and enhancement of personnel skills.
- Assigning employees and sub-contractors possessing sound skills and capabilities in required areas of responsibility, including adequate verification resources.
- Defining the organisation, responsibility, authority and interfacing of the various management functions within the frame of the SMS.
- Providing safe and environmentally sound practices in the operation of managed vessels.
- Providing and maintaining a safe working environment on-board to assist in preventing human injury and loss of life.
- Providing the necessary training to ensure that Company's employees and sub-contractors are capable of achieving safety and pollution prevention objectives in the work they perform.
- Providing facilities, systems/equipment and a maintenance system that is suited for the purpose of achieving objectives.
- Conducting management review meetings and management system audits.

This Policy has the full support of Top Management and applies to all Company's employees and sub-contractors.
